

AOM Annual Meeting Paper Status

Dear Mayukh Mukhopadhyay,

Your peer-reviewed paper, submission #11290 titled “Beyond Bandura: Enhancing Organizational Cloud Competency using Connectivism”, has been accepted for presentation at the 86th Annual Meeting of the Academy of Management taking place 31 July-4 August 2026. Paper sessions consist of papers with a common theme.

Presenting? Share your excitement on social media! Access the [AOM 2026 social media badge](#) to let colleagues know you’re presenting at #AOM2026 in Philadelphia!

SCHEDULE

The schedule of sessions is still being finalized. Details will be sent when they become available. One of the conditions for having your paper accepted is the availability of one of the authors to present on any day of the scholarly program, Sunday, 2 August through Tuesday, 4 August. No changes will be made to the program schedule to accommodate personal schedules. If no one is available to present, then the paper will have to be withdrawn.

PARTICIPATION and REGISTRATION

To participate in a session at the Annual Meeting in any capacity (attendee, presenter, session organizer, etc.) your AOM membership must be valid through 31 August 2026, and you must be registered for the meeting. You can [register now](#) to take advantage of the early rates. The early registration deadline is 21 April 2026. To cancel an Annual Meeting registration for any reason, the registrant must submit a cancellation request in writing to AOM at registration@aom.org. For more information, visit [AOM’s Registration, Attendance, and Guest Policy](#).

Now that you are on the AOM 2026 Program, don’t wait to [book your hotel accommodations](#).

REVIEWS and ONLINE PAPERS

- As the primary submitter, you can see the reviewers’ comments for your paper by signing in to the [Submission Center](#). Your co-authors can sign in and see the reviewers’ comments as well. I hope these comments will help you refine your paper. However, the submission that was reviewed and accepted is what must be presented at the conference.
- The abstract of your paper will be published in the AOM Annual Meeting Proceedings.
- By default, ALL accepted papers will be made available online for meeting registrants only, to view and download from June through October. We hope that this will lead to more interaction and discussion during the session. You will be notified in May about managing your online paper including the option to remove your paper’s manuscript from the online program.

SUPPLEMENTAL MATERIAL

We encourage you to now begin thinking about creating supplemental materials such as short videos, PowerPoint presentations, or PDFs to share on the Annual Meeting online platform. You will receive more visibility for your research as well as additional feedback when these supplemental materials become available to conference registrants from the Annual Meeting online platform. More information about creating and uploading supplemental materials to the Annual Meeting online platform will be available in early July.

Congratulations on having your paper selected and I look forward to seeing you at AOM 2026! Please contact me if you have any questions.

Sincerely,

James Vardaman
ODC Division Program Chair
Richard Hall
ODC Division Program Chair-Elect
