To Whom It May Concern:

This certificate serves as formal recognition from the Academy of Management (AOM) of your involvement in its Annual Meetings from 2019 to the present. Thank you for contributing to the sessions listed below at the Annual Meetings of the Academy of Management.

The Academy is committed to shaping the future of management research and education. As such, the Annual Meeting plays an integral part in achieving this goal. AOM is a leading professional association of scholars dedicated to creating and disseminating knowledge about management and organizations. The Academy's central mission is to enhance the profession of management by advancing the scholarship of management and enriching the professional development of its members. The Academy's membership consists of scholars at colleges, universities, and research institutions, as well as practitioners with scholarly interests from business, government, and not-for-profit organizations from across the globe. There are more than 100 countries represented within the Academy's membership.

Please note that at past Annual Meetings you were solely responsible for arranging any necessary travel, meals, registration, housing accommodation, and paying the associated fees for each. These fees were additional and were the responsibility of everyone attending. An AOM membership valid through the end of the month in which the event took place was required. No sponsorship was implied, and AOM assumed no responsibility for your stay in the host country.

Sincerely,

A handwritten signature in black ink that reads 'Taryn Fiore'.
